

at JW Marriott Las Vegas Resort & Spa, 221 North Rampart Blvd., Las Vegas, NV 89145, 702-869-7807

In the midst of a stressful world, Aqua Sulis Spa serves as a special retreat for healing and renewal. Discover this oasis of health and rejuvenation far above the noise and excitement of the Las Vegas Strip.

Here you will find a haven to relax, refresh and regroup.  
Work out, have a massage, facial or a rejuvenating body treatment.

The spa at the JW Marriott Las Vegas takes its name from a spa popular during two historical epochs. The first, Aqua Sulis, was the ancient Roman town and temple bath that later became Bath, England. For three hundred years prior to the fifth century it was a center of recreation and healing for Romans, believing in the power of its waters to purify.

Water and its healing power are at the heart of the modern Aqua Sulis Spa.  
Our hydrotherapy circuit, the Aqua Sulis Ritual, echoes a European-style "taking the waters," first performed in the baths of ancient Greece and Rome.

A luxury center for beauty and wellness built on the foundations of ancient therapeutic wisdom and water's healing power.  
With the best of modern science and human touch, we soothe your body, mind and spirit.

### *Aqua Sulis Ritual*

Spend a relaxing hour in preparation for your treatment with the Aqua Sulis Ritual, included with all treatments, excluding waxes. You will begin in either the men's or women's Ritual Room with calming hot or stimulating cold plunges, followed by a soak in the warm float pool. Surrounded by garden waterfalls, you will next move through the six invigorating chambers of the outdoor Hydro-circuit pool. Your body's "third kidney," the skin, then expels toxins in the steam and sauna.

A cascading waterfall shower finishes with an invigorating water massage.
